### **FISCAL ANALYSIS**

#### Assumptions:

#### **Department of Fish, Wildlife & Parks (FWP)**

1. By definition, feral swine are not wildlife so jurisdiction for feral swine is and will remain under the jurisdiction of the Board of Livestock. FWP would have no jurisdiction and no responsibility associated with feral swine, and therefore there would be no fiscal impact.
2. As proposed, regulated hunting would be prohibited, so FWP would not be impacted.

#### **Department of Livestock**

3. Any activities would be completed within the normal scope and budget of the Department of Livestock.
